TO ALL IAMAW MEMBERS DISTRICT 140 LOW COST CARRIER (ACrouge) STEERING COMMITTEE MEETING

Dear Brothers and Sisters:

The District Lodge 140 Low Cost Carrier (ACrouge and Air Canada Express) Steering Committee met internally and with Air Canada in YVR on November 25, 26 and 27, 2013. These meetings were a continuation of our discussions from the previous meetings between the parties in September and October 2013.

The ultimate goal of these ongoing meetings is the protection for our Members at Air Canada as well as to allow our Members to benefit from the additional flying and work that will be generated through the expansion of the ACrouge fleet in the coming years.

These discussions are still at a very preliminary stage. The parties are still in the process of defining ACrouge's detailed requirements with respect to the duties and functions that are IAMAW scope duties. These duties and functions are currently being performed for ACrouge by our Air Canada Members under the terms and conditions of the Air Canada Collective Agreement.

Your LCC Steering Committee is similarly in the process of identifying the issues and concerns arising from the creation of ACrouge that will affect our existing Membership and that will allow us to protect our Members in their existing jobs as well as to add new jobs and increase the future job security for all IAMAW Members at Air Canada and ACrouge.

At this point there are still many more questions than answers and the parties have committed to continue discussions on these issues.

Air Canada, ACrouge and the IAMAW have agreed to meet again in YYZ on December 11, 2013 to continue this process. The LCC Steering Committee thanks our Membership for your support and we will keep you informed at every stage of this process as we move forward.

In Solidarity,

Your LCC Steering Committee

Tony Didoshak, General Chairperson
Transportation District 140 - IAMAW - Western Region
